Sun	31-Aug	Bethesda Orange Crush	Bethesda Strikers	Polo Field #11	4:10 PM		

**Directions to Poolesville Polo Fields** depend on which direction you are coming from. For detailed directions, please go to [www.msissoccer.org](http://www.msissoccer.org), point at the header "Tournaments", then "Kickoff Classic", and click on "Field Directions".

**Parking and Traffic Flow** needs to be carefully controlled to avoid accidents and to facilitate cars getting safely and efficiently in and out. Hughes Road is a narrow country road, and we ask that you patiently follow the guidance of our traffic coordinators, and not complain about having to enter or exit at a different location than you might choose on your own. There is a rationale to how it is controlled, and even in the best of circumstances, there will be some backups.

**Trash has been our biggest problem the past several years, and it has taken a crew of 8 people almost 4 hours to pick up all the small pieces of trash that have been left by players and their families.** The fields and parking areas occupy more than 50 acres, and we must walk every inch of it to make sure the littlest bottle caps and litter are removed. The land is a working horse farm, and trash not only is ugly, it is unsafe for the horses hooves. Please help by "meticulously" cleaning your area throughout the weekend, but especially after your last game is played on Sunday. **The horses, and those of us volunteering our time to manage the event, THANK YOU!**
